Radio Frequencies for Farmingdale Fire Department

DISPATCHES

<u>Location of Call</u>	<u>Name of Frequency</u>	<u>Frequency (mHz)</u>
Farmingdale	Mon County Fire South Paging	155.175
Howell Township	Howell Emergency Services Paging	155.700

RESPONSES

<u>Location of Call</u>	<u>Name of Channel</u>	<u>P25 Trunking System</u>
Farmingdale	Fire South Response	Mon County Pub Safety
Howell Township	Howell FD 1	NJICS
Howell Township	Howell FD 2	NJICS

Note: When in the Borough, we are dispatched on Mon County Fire South Paging, then respond on Mon County Trunked system Fire South Response.

Note: When a person calls 911 from their cell phone in Farmingdale, there is a 50/50 chance that their call will be connected to either Monmouth County or Howell PD. For typical calls (fire alarms, CO alarms, wires down, etc.), if Howell PD receives the 911 call for something in the Borough, they will transfer the caller over to Monmouth County to take the information and dispatch us. However there may be occasions where we are dispatched by Howell Township in the Borough. This would occur on "hot calls" such as structure fires, vehicle fires, etc. Regardless of the dispatch, you should respond to the agency that dispatched us.
